

**U.S. ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 300**

**National Oil and Hazardous Substances
Pollution Contingency Plan
National Priorities List**

July 2002

AGENCY: Environmental Protection Agency

ACTION: Notice of Deletion of the Compass Industries Landfill Superfund Site from the National Priorities List

SUMMARY: The United States Environmental Protection Agency (EPA) Region 6 announces its Notice of Deletion of the Compass Industries Landfill Superfund Site (Site), located in the Chandler Park area west of Tulsa, Tulsa County, Oklahoma, from the National Priorities List (NPL). All comments regarding this action which are submitted within 30 days of this notice to the address given below will be considered by EPA. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is Appendix B of 40 CFR Part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final notice of deletion is being taken by EPA with the concurrence of the State of Oklahoma, through the Oklahoma Department of Environmental Quality, because EPA has determined that all appropriate response actions under CERCLA have been completed and that the Site poses no significant threat to public health or the environment and, therefore, further remedial action pursuant to CERCLA is not appropriate.

DATES: This Notice of Intent to Delete was published on May 16, 2002. The public comment period began May 16, 2002, and extended for 30 days until June 17, 2002. No comments were received and the Notice of Deletion was published on July 18, 2002.

INFORMATION REPOSITORIES: Comprehensive information about the Site is available for viewing and copying at the Site information repositories located at:
